S=Sunday. M=Full Moon. Easter:—First Sunday after the first full moon after March 21. Legal Holidays indicated by dates. Local Holidays can be inserted.

STANDARD TIME; The United States is divided into four "time sections." The Eastern section includes all territory between the Atlantic Coast and an irregular line drawn from Detroit to Charleston, S. C. The Central section includes all territory between the last-named line and an irregular line from Bismarck, N. D. to the mouth of the Rio Grande. The Mountain section includes all terri-

tory between the last-named line and nearly the western borders of Idaho, Utah and Arizona. The Pacific section covers the rest of the country to the Pacific Coast. Standard time is uniform inside each of these sections, and the time of each section differs from that next to it by exactly one hour. Thus at 12 noon in N. Y. City (eastern time), the time at Chicago (central time) is 11 a. m., at Denver (mountain time) 10 a. m., and at San Francisco (Pacific time) 9 a. m.
